

## A Model Florida Printer.

Col. J. A. Grubb, gallant Confederate Veteran, able exponent of the old school of typography, and allround gentleman and scholar, left us last week to accept a position with the Sanford Herald. Col. Grubb has rendered faithful and appreciated service to this office for the past two and a half years, during which he was always at his post with the regularity of clock work, and was always to be depended upon for a good long "string." When we installed a type-setting machine, he insisted that his occupation was gone, and despite our assurance that he would be given other duties, and that his place would be secure if we purchased a dozen linotypes, his independent spirit would not allow him to remain in a position where there might be a chance of him not earning more than was paid him: hence, he took one of the several posit open to him, and went to Sanford, much to our regret and that of his many Lakeland friends. Sober, industrious and reliable, he is a treasure in any office which has not outgrown type-setting by hand. Besides being a man of high principles, he is provident and thrifty, laying up a nice nest egg from the savings of his labor here, and when he feels like quitting work, he will be able to do so. This office appreciates honorable and conscientious employees more than most anything else, and while it has been fortunate in attracting and retaining such, we never expect to have one more satisfactory in all respects than Col. John A. Grubb.

Jacob Schall, 432 South St., Danville, Ill., writes: "For over eighteen months I was a sufferer from kidney and bladder trouble. During the whole time was treated by several doctors and tried several different kidney pills. Seven weeks ago I commenced taking Foley's Kidney Pills, and am feeling better every day and will be glad to tell anyone interested just what Foley's Kidney Pills did for me." ## Walton County's Big Corn Yield.

Saturday was the day for the report on yields of corn grown in the contest inaugurated by the Breeze last spring in which premiums aggregating \$20 were offered for the largest yields of corn grown this year, but only one report was submitted, and that by A. W. McCollough, who sent in the following affidavit:

"Before me personally came Wm. Surrency and D. B. Miles, being by me first duly sworn deposes and says that they measured up ninety and one-fourth bushels of corn off one acre grown by A. W. McCollough."—DeDuniak Breeze.

## Hexamethylenetetramine.

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities and avoid a serious malady. Florida Book and Drug Co.

## Smokeless

Until science discovered a way to construct the Automatic Smokeless Device, and make it completely dependable, all oil heaters had one common great fault—smoke.

With the advent of the Automatic Smokeless Device, and its practical application to the

## PERFECTION Oil Heater

(Equipped with Smokeless Device)

the smoke problem was successfully solved.

The Perfection Oil Heater is the only heater equipped with this

## Automatic Smokeless Device

which insures a steady, full-glowing heat, with the wick turned up as high as it will go, without a shred of smoke. Reverse the motion, turn the wick down—there's no odor.

The smokeless device automatically locks and prevents the upward movement of the wick beyond the proper exposure. That is the secret. This splendid result gives leadership to the Perfection.

You may now have all the heat you want—when you want it—and where you want it—without the annoyance of smoke or odor. Brass font holds 4 quarts of oil, which permits a glowing heat for 9 hours. Brass wick tube—damper top—cool handle. Cleaned in a minute. The Perfection is beautifully finished in Nickel or Japan.
